**Can't use the sticks right now?**

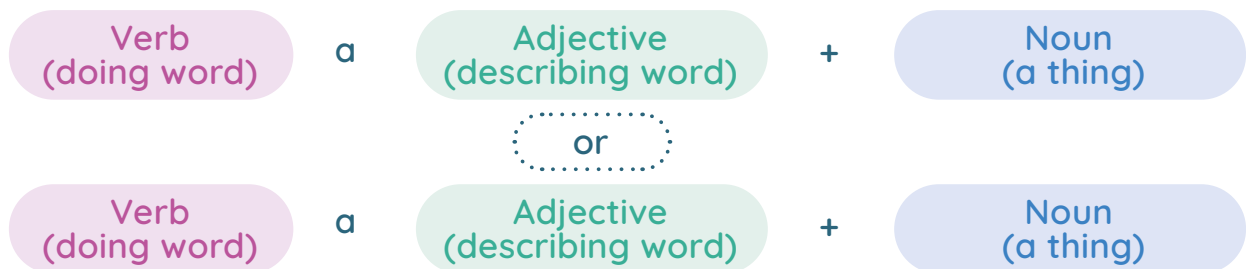

Choose your category and prompt from the back of the sheet.

1. Close your eyes and pick a stick. This will be your category. Each category has its own colour. Turn the sheet over to see the category colours!

2. Use the prompts to create your 'Would you rather' question. You can also make up your own!

Build your question by asking:

Would you rather...

For example:

Would you rather **be** a **smelly lion** OR **be** a **giant fish**?

3. Take turns answering each other's 'Would you rather'. To score, try and guess the other person's answer for a point. The first person to reach 10 points wins!

4. The game continues for however long you like!

Extra wacky version

- Would you rather ride a breakdancing tractor or a high jumping snail?
- Would you rather own 50 spiders or 1 giant crab?
